I've created this page because I want to make a difference for my son Alex. A-T is a rare genetic disease that attacks children, causing progressive loss of muscle control, immune system problems, and a high rate of cancer. This year has been extremely difficult watching Alex slowly lose his ability to walk something we take for granted everyday. On April 4,2020 I will participating in the Virtual Quarantine Backyard Ultra where i will run 6.71 km every hour until i DNF from my treadmill. This race will cause me to suffer and question why I run so please help me help them by giving whatever you can using the 'Donate Now' button. The more people who know about the A-T Children's Project, the greater their impact, so please also spread the word by sharing my page with your friends. Thank you!
